

# CPS20

# Gruppi di pressione a velocità variabile Variable speed pressure booster units

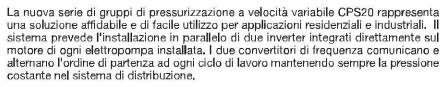

## **CPS 20**

### Gruppi di pressione con due elettropompe a velocità variabile Twin pump booster sets - variable speed

The new CPS 20 twin pump unit is an innovative constant pressure system for industrial and residential applications.

Each pump installed in the system is equipped with a CPS frequency changer directly assembled on the motor. The two CPS devices switch the starting order of the pumps at each working cycle maintaining constant pressure in the system.

### Basamento / Basement

In lamiera zincata completa di piedi antivibranti.

Galvanized plate with silent block

### Collettore di aspirazione Suction manifold

In acciaio zincato con n. 2 valvole a sfera in ottone. Predisposizione per pressostato di minima.

In galvanized steel with: N.2 brass ball valves prepared for low pressure switch

# Collettore di mandata Discharge manifold

In acciaio zincato con n. 2 valvole a sfera in ottone n. 2 valvole di ritegno Manometro

n. 2 sensori di pressione

In galvanized steel with: N.2 brass ball valves N.2 check valves manometer n.2 pressure sensors

Quadro elettrico di protezione con magnetotermici Protection panel with magnetothermic switches

### Caratteristiche tecniche CPS CPS technical data

- Tensione di alimentazione inverter
- Tensione di uscita inverter
- Potenza massima nominale
- Frequenza ingresso
- Corrente massima nominale uscita
- Grado di protezione
- Temperatura max
- Filtro d'ingresso
- Trasduttore di pressione
- Connettività
- Contatti opzionali
- Power input
- Output voltage
- Max nominal power
- Input frequency
- Max output current
- Protection
- Max ambient temperature
- Input filter
- Pressure transmitter
- Connections
- Free contacts

### **Applicazioni Applications**

- Sollevamento e distribuzione acqua negli impianti domestici
- Impianti di pressurizzazione
- Irrigazione
- Industria
- Lavaggi
- Pumping of water in domestic systems
- Booster systems
- Industry
- Washing systems and irrigation
